Beauty Buzz

The La Prairie Skin Caviar Absolute Filler has a thick and luxurious texture, but goes on surprisingly easily and seems to get absorbed more quickly than other creams I have tried. I love the smell, and like how the right amount of product is dispensed with each pump. It does seem to fill lines and a few people have commented that my skin looks nice. The anti-ageing formula comes with a hefty price tag, but if you're willing to splurge, then I would say go for it! **\$960.**

Sweet Sugar

If you haven't already heard, Singapore's first and only professional body-sugaring studio, Sugar(ed), has just opened a new salon in the east. Sugaring, an alternative to waxing, is an epilation method that uses a 100 percent water-soluble sugar paste. Made from white sugar, water and lemon juice, the paste is completely safe for the skin. Try it at the new Katong outlet (79 East Coast) – and be sure to book in advance! sugared.com.sg
